VA Pulmonary Associates, P.C.
Notice of Privacy Practices

The Department of Health and Human Services has established a "Privacy Rule" to help insure that person health care information is protected for privacy. The Privacy Rule was also created in order to provide a standard for certain health care providers to obtain their patients' consent for uses and disclosures of health information about the patient to carry out treatment, payment, or health care operations.

As our patient we want you to know that we respect the privacy of your personal medical records and will do all that we can to secure and protect that privacy. We strive to always take reasonable precautions to protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information and information about treatment, payment or health care operations, in order to provide health care that is in your best interest.

We also want you to know that we support your full access to your personal medical records. We may have indirect treatment relationships with you (such as laboratories that only interact with physicians and not patients), and may have to disclose personal health information for purposes of treatment, payment, or health care operations. These entities are most often not required to obtain patient consent.

You may refuse to consent to the use or disclose of your personal health information, but this must be in writing. Under this law, we have the right to refuse to treat you should you choose to refuse to disclose your person health information (PHI). If you choose to give consent in this document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

Print name: _____ Signature: _____ Date: _____

People that we may disclose your personal health information to:

1. _____ Relationship _____
2. _____ Relationship _____
3. _____ Relationship _____

COMPLIANCE ASSURANCE NOTIFICATION FOR OUR PATIENTS

To our valued patients:

The misuse of Personal Health Information (PHI) has been identified as a national problem causing patients inconvenience, aggravation, and money. We want you to know that all of our employees, managers, and doctors continually undergo training so that they may understand and comply with government rules and regulations regarding the Health Insurance Portability and Accountability Act (HIPPA) with particular emphasis on the "Privacy Rule". We strive to achieve the very highest standards of ethics and integrity in performing service for our patients.

It is our policy to properly determine appropriate uses of PHI in accordance with the governmental rules, laws, and regulations. We want to ensure that our practice never contributes in any way to the growing problem of improper disclosure of PHI. As a part of this plan, we have implemented a Compliance Program that we believe will help us prevent any inappropriate use of PHI.

We also know that we are not perfect! Because of this fact, our policy is to listen to our employees and our patients without any thought of penalization if they feel that an event in any way compromises our policy of integrity. More so, we welcome your input regarding any service problem so that we may remedy the situation promptly.

Thank you for being one of our highly valued patients!

Virgina Pulmonary Associates, P.C.
Missed Appointment Policy

Due to the increase in the number of no shows and last minute cancellations, please be reminded that our office policy for missed appointments is the following:

- If you need to cancel or otherwise reschedule your appointment, you need to notify the office within 24 hours prior to your appointment.
- If you make your appointment the day before, please let us know the morning of your appointment so we have enough time to add someone else in that time slot.
- If the requirements listed above are not met, you will be subject to a \$45.00 fee for each no show/late cancellation appointment.

In order to serve you better and have more availability, we hope that you can understand how imperative it is to notify us if you need to cancel an appointment.

This office policy applies to all insurance carriers, therefore no individual is exempt. If you have any questions or concerns regarding this policy, please inquire with our staff.

Test Results Policy

To receive the results of any tests ordered by Dr. Mortazavi or Dr. Goudarzi, you will need to make a follow-up appointment so they can go over any results with you. Dr. Mortazavi and Dr. Goudarzi do not give any results over the phone.

I have read and understand the above aforementioned office policies and agree to comply with these policies.

The Epworth Sleepiness Scale

How likely are you to doze off or fall asleep in the following situations, in contrast to feeling just tired? This refers to your usual way of life in recent times. Even if you have not done some of these things recently try to work out how they would have affected you. Use the following scale to choose the most appropriate number for each situation:

- 0 = Would never doze
- 1 = Slight chance of dozing
- 2 = Moderate chance of dozing
- 3 = High chance of dozing

| Situation | Chance of Dozing |
|---|-------------------------|
| Sitting and reading | _____ |
| Watching TV | _____ |
| Sitting, inactive in a public place (e.g., theater or a meeting) | _____ |
| As a passenger in a car for an hour without a break | _____ |
| Lying down to rest in the afternoon when the circumstances permit | _____ |
| Sitting and talking to someone | _____ |
| Sitting quietly after a lunch without alcohol | _____ |
| In a car, while stopped for a few minutes in traffic | _____ |
